Fall/Winter 2014

**THIS PHOTO:** In the master bedroom, a wool blanket at the foot of the bed echoes the palette of the fireplace tilework.

**OPPOSITE LEFT:**

Formerly a wet bar, the powder room features grass-cloth-covered walls and a chiseled-limestone sink atop a limestone counter.

**OPPOSITE RIGHT:**

Mountain views are enjoyed from sink-in outdoor furnishings. A curved stucco staircase ascends to an upper-level dining deck.
